First a note about the sidelines.....

After 15 years it has become apparent that assigning people to monitor the sidelines is not an efficient use of resources, therefore none of the games will have sideline judges. Please tell your players they are on the honor system on the sideline and the referee will be doing his or her best to call the sidelines. The referee's call is final and, if unable to determine who last touched the ball, the referee will simply do a throw-in without objection from either side and play will resume.

### **Hurling Format:**

There are three scenarios for this 5-team competition after all teams have played 2 matches. A.) Two teams are 2-0, B) One team is 2-0 or C) All teams are 1-1

#### **Two teams have a 2-0 record**

Under this scenario the two undefeated teams play in the final

#### **Teams go 2-0, 1-1, 1-1, 1-1, 0-2**

Under this scenario the undefeated team will be in the final. The other team will be determined as follows: Of the three teams that are 1-1 any team that has already lost to the 2-0 team is not in the final. Of the 1-1 teams that have not already played the 2-0 team, their head-to-head record will determine which will be in the final

#### **All Teams 1-1**

If, after the all teams have played their first two games, all five teams have a 1-1 record, Madison will drop out of the tournament and the remaining 4 teams will have a bracketed matchup of 20-minute games.

Team A		Team C
v.	Winner v. Winner	v.
Team B		Team B

### **Mens Football Format:**

Madison and Miltown will combine to form a team. That team will play the Chicago Patriots twice.

### **Women's Football Format:**

Team that goes 2-0 is the winner. Since this is a draft tournament, no single club is represented and therefore if all teams go 1-1 the competition will be deemed a tie. The last game slot on field #2 (2:55) is available if the ladies wish to have another game.
